The Super Saturday Program has served intellectually gifted children in the Greater Cincinnati Area since 1981 and is put on a volunteer-run 501(c)(3).

Classes are fun, hands-on, cover a wide variety of subjects, and allow children to stretch their abilities. Just as important as the curricula, at The Super Saturday Program, gifted children have a place to come together with more of their gifted peers. They may soar to their own heights, will meet others who share their intensity, ambitions, interests, and abilities, and can interact authentically. Many friendships have been made here.
